2.16.840.1.113883.3.117.1.7.1.70

for 0716 0480 1354

The code list here is the same for both test
patients, but the specific code is different.
In the more probable patient record of
Terrence Strickland, there is no record of a
birth and admission of a newborn to the
neonatal intensive care unit.

Both patient entries require at least one
other SNOMED code from the Fields
column, though they are not the same
codes.
